MONOLITH

LA SCOCCA IN ALLUMINIO ESTRUSO CHE COSTITUISCE L'OSSATURA PORTANTE DI MONOLITH, CONSENTE GRANDE RIGIDITÀ STRUTTURALE E UNA LIBERA CONFIGURAZIONE DELLE PARTIZIONI INTERNE. TALE SISTEMA COSTRUTTIVO FORMA UN INSIEME MOLTO SEMPLICE DA ASSEMBLARE E RICONFIGURARE, EVITANDO DI RADDOPPIARE GLI SPESSORI DEI FIANCHI AL SUO INTERNO.

The frame in extruded aluminium forming the support structure of Monolith gives an extremely firm structure with free configuration of the inner partitions. This composition system forms a very simple set to assemble and re-configure, without doubling the thicknesses of its inner sides

Le châssis en aluminium extrudé qui constitue l'ossature portante de monolith, permet une grande rigidité structurelle et une libre configuration des divisions internes. Ce système de construction forme un ensemble très simple à assembler et reconfigurer, en évitant de doubler les épaisseurs des côtés à l'intérieur

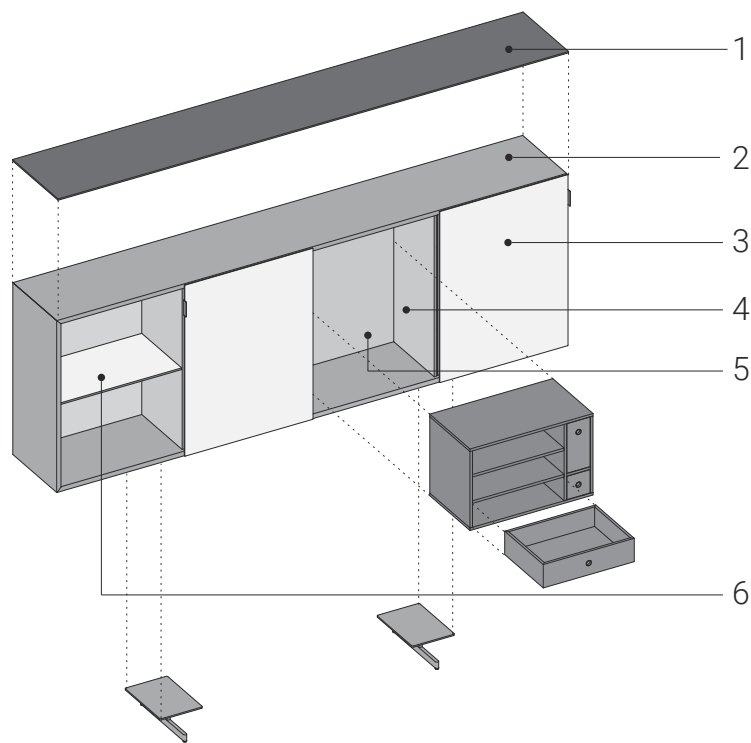

Der Aufbau aus extrudiertem Aluminium, der das tragenden Gerüst des monolith darstellt, bietet eine bedeutende, strukturelle Steifheit und eine freie Konfigurierung der Innenaufteilung. Dieses Konstruktionssystem bildet eine Einheit, die einfach zusammenzubauen und neu zu gestalten ist, wobei die Verdoppelung der Stärke der Seiten im Innenbereich vermieden wird.

El bastidor de aluminio extruido que constituye el armazón de soporte de Monolith permite una gran resistencia estructural y una libre configuración de las particiones interiores. Este sistema de construcción forma un conjunto muy fácil de montar y reconfigurar, evitando duplicar el espesor de los laterales en su interior.

XY

IL BREVETTO XY CONSENTE DI POSIZIONARE I RIPIANI LUNGO L'ASSE VERTICALE Y E LE COPPIE DI PROFILI PORTANTI LUNGO L'ASSE ORIZZONTALE X. IL POSIZIONAMENTO IN X ED Y AVVIENE IN CONTINUO, SENZA POSIZIONI PREDEFINITE. CIÒ COSTITUISCE UN'OSSATURA PORTANTE IN GRADO DI ESSERE ALLESTITA CON SCHIENE, FIANCHI, ANTE A RIBALTA, ANTE A BATTENTE, CASSETTIERE.

The patented XY system enables you to position the shelves along vertical Y-axis and the pairs of load-bearing profiles along horizontal X-axis. Positioning along X and Y is completely free, without any preset positions. This creates a load-bearing framework that can be completed with backs, sides, tilting or leaf doors, drawer units

Le brevet XY permet de positionner les étagères le long de l'axe vertical Y et les paires de profilés portants le long de l'axe horizontal X. Le positionnement suivant X et Y s'effectue en continu, sans positions prédéfinies. Ceci réalise une structure portante susceptible d'être équipée de fonds, côtés, portes à rabattant, portes à battant, kits de tiroirs.

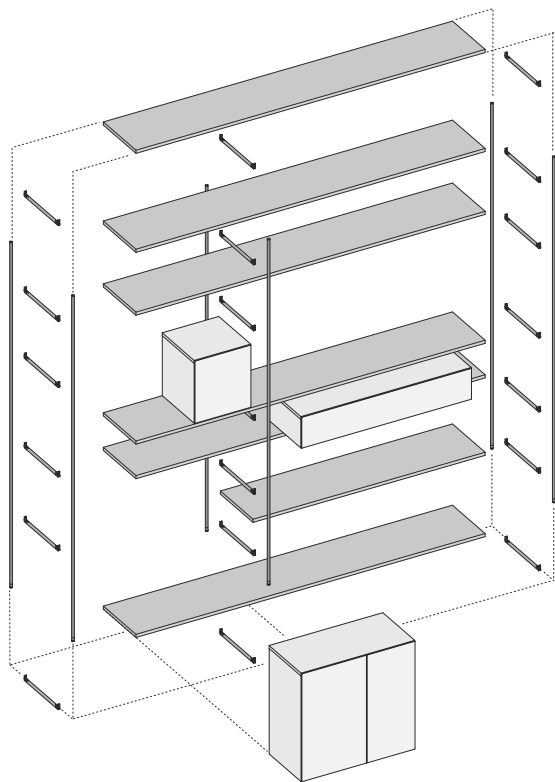

Das Patent XY ermöglicht es, die Böden längs der vertikalen Y-Achse und die tragenden Profilaare längs der horizontalen X-Achse zu positionieren. Dabei kann die Positionierung auf X und Y an jeder Stelle ohne voreingestellte Positionen erfolgen. Auf diese Weise wird eine tragende Struktur gebildet, die mit Rück- und Seitenwänden, Klapp- und Flügeltüren, Schubladenelementen.

La patente XY permite colocar los estantes a lo largo del eje vertical Y y las parejas de perfiles portantes a lo largo del eje horizontal X. La colocación en X e Y se produce en continuo, sin posiciones previamente definidas. Esto forma un armazón portante capaz de albergar dorso, laterales, puertas abatibles, puertas de batiente, cajoneras

SYSTEM

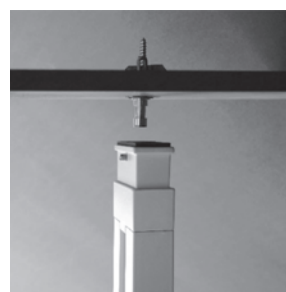

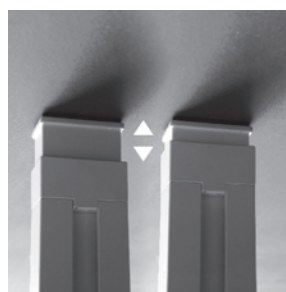

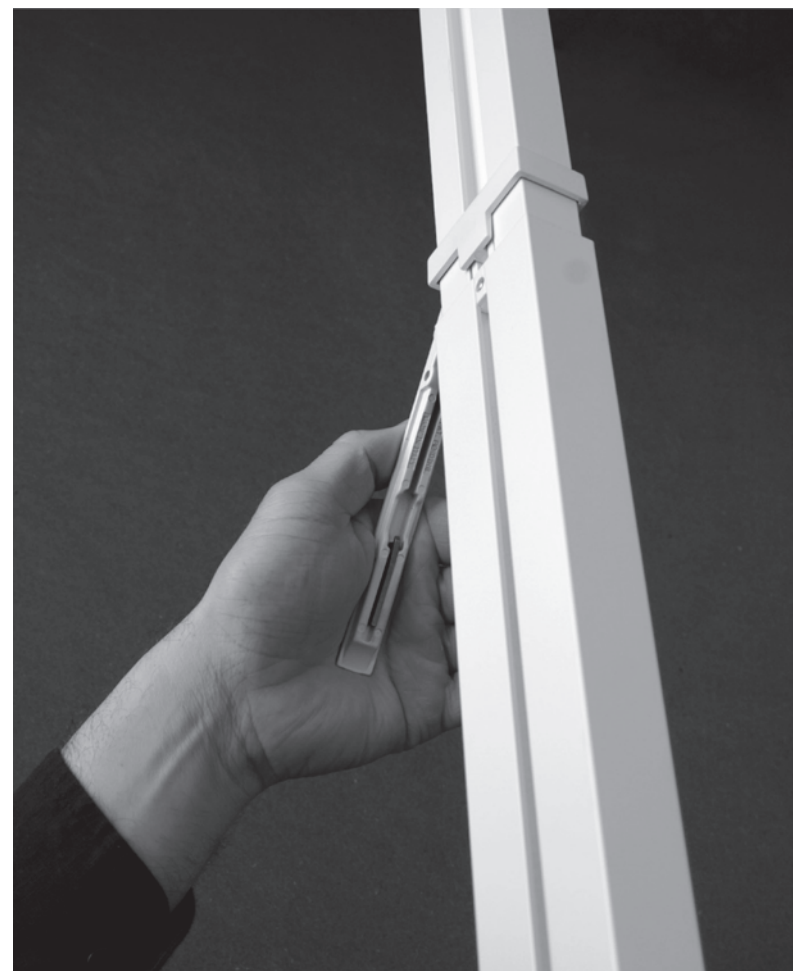

IL SISTEMA BREVETTATO EXTENDO È FORMATO DA DUE PROFILI IN ALLUMINIO ESTENSIBILI, ADATTABILI ALLE DIVERSE ALTEZZE DEGLI AMBIENTI. AGENDO SULLA LEVA A SCOMPARSA, I PROFILI SI BLOCCANO ALL'ALTEZZA DESIDERATA E SI COMPRIMONO TRA PAVIMENTO E SOFFITTO, SENZA L'UTILIZZO DI ALCUN UTENSILE O PRE-FISSAGGIO.

The patented extendo system consists of two extendable aluminium profiles that can be adapted to environments of various heights. Using the foldaway lever, the profiles can be blocked at the desired height and compressed between floor and ceiling, without having to use any kind of pre-fixing tool.

Le système breveté extendo est constitué de deux profilés extensibles en aluminium pouvant être adaptés aux différentes hauteurs des milieux. En agissant sur le levier escamotable, les profilés se verrouillent à la hauteur souhaitée et se compriment entre plancher et plafond, sans utiliser aucun outil ou préfixation.

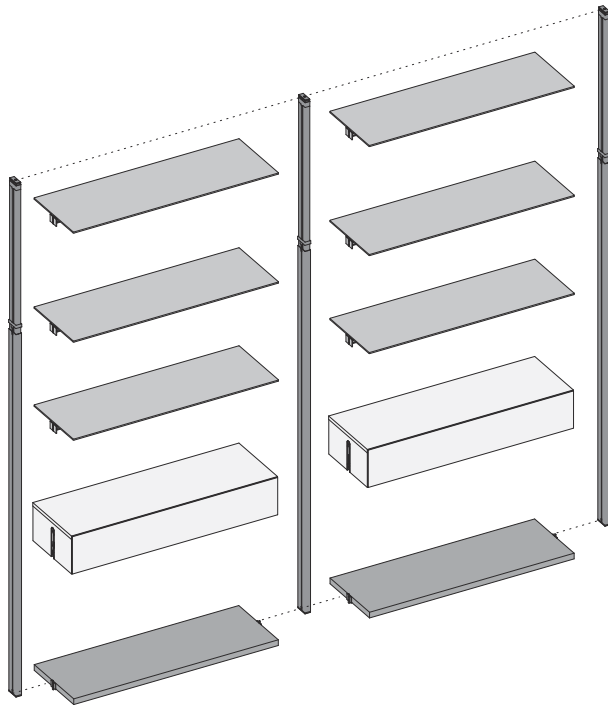

Das patentierte System extendo besteht aus zwei ausziehbaren Aluminium-Profilen, die an unterschiedliche Raumhöhen angepasst werden können. Durch einen versenkbaren Hebel werden die Profile auf der gewünschten Höhe blockiert und zwischen Fußboden und Zimmerdecke ohne Werkzeug oder Vor-Befestigung komprimiert eingesetzt.

El sistema patentado extendo está formado por dos perfiles de aluminio extensibles, adaptables a las distintas alturas de los ambientes. Actuando sobre la palanca escondida, los perfiles se bloquean a la altura deseada y se comprimen entre el suelo y el techo, sin que sea necesario utilizar ninguna herramienta o fijación previa.

The steel support of the Balance tables forms the base of a frame system capable of easily adapting to all the geometries of the tops available. The triangular section comes from compressing circular steel tubes. Such compression increases the strength of the support, giving it an elegant and light silhouette.

Le support en acier des tables balance constitue la base d'un système de structures en mesure de s'adapter de manière harmonieuse et proportionnée à toutes les géométries des plateaux disponibles. La section triangulaire dérive de la compression de tubes à section circulaire en acier, cette compression augmente la résistance du support en lui conférant une silhouette élégante et légère.

Die Stahlbeine der Tische balance bilden die Basis eines Rahmensystems, das sich allen Formen der angebotenen Abschlussborde harmonisch und proportioniert anpasst. Der dreieckige Querschnitt entsteht aus dem Druck der Stahlrohre mit rundem Querschnitt. Dieser Druck erhöht die Festigkeit des Halters und verleiht ihm eine elegante und leichte Silhouette.

SPILLO

SPILLO È UN TAVOLO DAI MINIMI INGOMBRI VOLUMETRICI, IL TOP IN HPL HA UN BORDO PERIMETRALE VISIBILE DI SOLI 3MM. IL TELAIO IN ACCIAIO SOTTOSTANTE HA GEOMETRIE CHE MASSIMIZZANO LA RESISTENZA E LA RIGIDITÀ DEL TOP, CONSENTENDO LUNGHEZZE SINO A 250 CM. IL TELAIO ED I SUPPORTI A FORMA CONICA IN ACCIAIO COSTITUISCONO UN INSIEME DELLA MASSIMA LEGGEREZZA VOLUMETRICA.

The Spillo table offers minimum volume. The HPL top has a visible perimeter edge of just 3 mm. The underneath steel frame has geometries to maximise the strength and sturdiness of the top, allowing lengths up to 250 cm. The frame and the supports, which are made of steel and conical in shape, give an overall maximum volumetric lightness.

Spillo est une table présentant un encombrement volumétrique minimum, le plateau en HPL a un bord périphérique visible de 3mm seulement. La structure inférieure en acier présente des géométries qui augmentent au maximum la résistance et la rigidité du plateau, permettant des longueurs allant jusqu'à 250 cm. La structure et les supports de forme conique en acier constituent un ensemble de la plus grande légèreté volumétrique.

Spillo ist ein Tisch mit einem minimalem Platzbedarf, das Abschlussbord aus HPL hat eine sichtbare Kontourführung von nur 3 mm. Die Geometrien des darunter liegenden Rahmens aus Stahl maximieren die Widerstandsfähigkeit und Steifheit des Abschlussbords und ermöglichen somit Längen von bis zu 250 cm. Die Rahmen und konischen Stützen aus Stahl bilden eine Einheit mit maximaler, volumetrischer Leichtigkeit

Spillo es una mesa de dimensiones volumétricas mínimas. El sobre de HPL tiene un borde perimetral visible de solo 3 mm. El bastidor inferior de acero posee unas geometrías que maximizan la resistencia y la rigidez del sobre, permitiendo longitudes de hasta 250 cm. El bastidor y los soportes cónicos de acero componen un conjunto de máxima ligereza volumétrica.

ST35

AD INTERRUPTERE IL RIGORE DELLA FORMA RETTANGOLARE, LA LIEVE RAGGIATURA AI VERTICI DEL TOP FUNGE DA RACCORDO GEOMETRICO TRA ESSO E LA BASE IN ACCIAIO, E CONFERISCE AL TAVOLO ARMONIA E COMPATTEZZA DI FORMA. ST35 È DISPONIBILE IN VERSIONE FISSA E ALLUNGABILE; PER LA VERSIONE FISSA SONO DISPONIBILI 8 CATEGORIE DI FINITURE TOP, MENTRE PER I BASAMENTI LA SCELTA È TRA 11 COLORAZIONI A POLVERI.

Interrupting the rigour of the rectangular shape, the slight rounding at the corners of the top acts as a geometric connection between the top and the steel base and makes the table harmonic and compact. ST35, in the fixed and extendible version; for the fixed version there are 8 types of finish available for the top, while for the base there is a choice of 11 powder coated colours.

Pour interrompre la rigueur de la forme rectangulaire, le léger rayonnage aux sommets du plateau agit comme une connexion géométrique entre celui-ci et le socle en acier, conférant harmonie et compacité des formes à la table. ST35 est disponible en version fixe et extensible ; il est possible de choisir parmi 8 catégories de finitions de plateau pour la version fixe, tandis que 11 couleurs de poudre sont disponibles pour les socles.

Zur Unterbrechung der Strenge der rechteckigen Form dient die leichte Strahlenform an den Enden der Tischplatte als geometrische Verbindung zwischen der Tischplatte und dem Sockel aus Eisen und verleiht dem Tisch Harmonie und Kompaktheit in der Form. ST35 ist in fester und ausdehnbarer Version verfügbar; für die feste Version sind 8 Beschichtungskategorien der Tischplatte verfügbar, während für das Untergestell zwischen 11 Pulverfärbungen gewählt werden kann.

Para interrumpir el rigor de la forma rectangular, el ligero radio de los vértices del tablero actúa como vínculo geométrico entre éste y la base de acero, dando a la mesa armonía y compacidad de formas. La ST35 está disponible en versión fija y extensible; para la versión fija hay 8 categorías de acabados para el tablero, mientras que para la base se puede elegir entre 11 colores con recubrimiento pulverizado.

IPE

UNA COLLEZIONE PROGETTATA PER COSTRUIRE TAVOLI DI GRANDI DIMENSIONI, LA SEZIONE AD IPE IN ACCIAIO UTILIZZATA PER IL SUPPORTO DEI TOP TAVOLI CONFERISCE GRANDE RIGIDITÀ E CONSENTE DI NASCONDERE I CAVI DI ALIMENTAZIONE DI UNITÀ MULTIMEDIALI DAL TOP ALLA PARTE INFERIORE DEL SUPPORTO. I TOP POSSONO ESSERE ACCOSTATI PER DARE VITA AD UN SISTEMA TAVOLI CON DIMENSIONI A PROGETTO.

This is a collection that has been designed in order to create large tables, the IPE section in steel used to support the table tops provides great sturdiness and allows the power cables from multimedia devices to be concealed from the top to the bottom of the support. The table tops can be combined in order to give life to a custom-sized table system.

Une collection conçue pour construire des tables de grandes dimensions, la section en IPE d'acier utilisée pour le support des plateaux de table fournit une grande rigidité et permet de cacher les câbles d'alimentation d'unités multimédias, du plateau à la partie inférieure du support. Les plateaux peuvent être combinés pour créer un système de tables avec des dimensions selon le projet.

Bei unserer Kollektion von großflächigen, stabilen Tischen werden IPE-Stahlprofile als Stütze für die Tischplatte verwendet, denn sie gewährleisten eine ausgezeichnete Standfestigkeit und ermöglichen zudem eine versteckte Kabelführung von multimedialen Geräten auf der Platte bis zum unteren Teil des Gestells. Die Platten können aneinandergeschoben und kombiniert werden, um ein beliebig großes Tischsystem zu kreieren.

Una colección diseñada para construir mesas de gran tamaño: el perfil IPE de acero utilizado para el soporte de las encimeras de las mesas, ofrece una rigidez considerable y permite ocultar los cables de alimentación de unidades multimedia desde la encimera hasta la parte inferior del soporte. Las encimeras pueden colocarse una al lado de la otra para generar un sistema de mesas con tamaños conformes a diseño.

T11

PROGETTARE UN TELAIO A TRALICCIO CI HA PERMESSO DI RIDURRE LE SEZIONI DEI PROFILI IN ACCIAIO AL MINIMO: SOLI 8 O 16 MM DI DIAMETRO, CHE UNA VOLTA PIEGATI E SALDATI, SOSTENGONO TAVOLI CON DIMENSIONI SINO A 300 CM. T11 È DISPONIBILE IN VERSIONE FISSA E ALLUNGABILE. LA VERSIONE FISSA È CONFIGURABILE CON 8 GEOMETRIE DI TOP DISPONIBILI E IN 8 CATEGORIE DI FINITURE, MENTRE PER I BASAMENTI LA SCELTA È TRA 11 COLORAZIONI A POLVERI.

The trellis frame has allowed us to minimize the sections of the steel profiles: just 8 or 16 mm in diameter which, once bent and welded, support tables of up to 300 cm. T11 is available in fixed and extendible version. The fixed version can have 8 geometries of top available in 8 types of finish, while for the bases there is a choice of 11 powder coated colours.

La conception d'un cadre en treillis a permis de réduire au minimum les sections des profilés en acier lesquels, avec seulement 8 ou 16 mm de diamètre, pliés et soudés, supportent des tables allant jusqu'à 300 cm. T11 est disponible en version fixe et extensible. La version fixe peut être configurée en choisissant parmi 8 formes de plateau, disponibles en 8 catégories de finitions, tandis que 11 couleurs de poudre sont disponibles pour les socles.

Der Entwurf eines Gitterrohrrahmens hat es uns ermöglicht, die Schnitte der Stahlprofile auf das Minimum zu reduzieren: nur 8 oder 16 mm Durchmesser, die nach dem Falten und dem Schweißen Tische mit einer Größe von bis zu 300 cm stützen. T11 ist in fester und ausdehnbarer Version verfügbar. Die feste Version kann mit 8 Tischplattenformen, verfügbar in 8 Beschichtungskategorien, konfiguriert werden, während für das Untergestell zwischen 11 Pulverfärbungen gewählt werden kann.

El diseño de un marco de celosía nos ha permitido reducir las secciones de los perfiles de acero al mínimo: sólo 8 o 16 mm de diámetro, que una vez doblados y soldados, soportan mesas de hasta 300 cm de tamaño. T11 está disponible en versión fija y extensible. La versión fija puede configurarse con 8 geometrías de tablero disponibles y en 8 categorías de acabados, mientras que para las bases se puede elegir entre 11 colores con recubrimiento pulverizado.

PENSARE AD UN TAVOLO ISPIRATO ALLE STRUTTURE DEI PONTI HA RESO POSSIBILE LA PRODUZIONE DI TOP DI 400 CM DI LUNGHEZZA IN UN UNICO PEZZO. IL SISTEMA A TIRANTI TENSIONABILI DEL BASAMENTO RENDE LA STRUTTURA ESTREMAMENTE RIGIDA ALLE SOLLECITAZIONI LATERALI E GARANTISCE LA PERFETTA PLANARITÀ DEL TOP.

Designing a table inspired by bridge structures has made it possible to produce a 400 cm top in a single piece. The tensioning tie rods system of the base makes the structure extremely robust and resistant to lateral stresses and guarantees perfect planarity of the top.

Penser à une table inspirée des structures de pont a permis de produire des plateaux de 400 cm de long réalisés en un unique morceau. Le système de tirants tendus du socle rend la structure extrêmement rigide face aux sollicitations latérales, avec garantie d'une planéité parfaite du plateau.

Der Gedanke an einem an die Strukturen der Brücken inspirierten Tisch hat es ermöglicht, eine 400 cm lange Tischplatte aus einem einzigen Stück zu produzieren. Das spannbare Zugstabsystem des Untergestells macht die Struktur extrem beständig gegen seitliche Beanspruchungen und gewährleistet die perfekte Ebenheit der Tischplatte.

Pensar en una mesa inspirada en las estructuras de los puentes permitió fabricar un tablero de 400 cm de largo en una sola pieza. El sistema de tensado de la base hace que la estructura sea extremadamente rígida a los esfuerzos laterales y garantiza la perfecta planitud de la parte superior.

L'ACCIAIO E IL LEGNO VENGONO PLASMATI ESALTANDO LE LORO CARATTERISTICHE STRUTTURALI ED ESTETICHE. LE SINGOLE GEOMETRIE TRIDIMENSIONALI DI LEGNO E ACCIAIO SI COMPENETRANO IN UNICHE SUPERFICI. LE PARTI IN LEGNO MASSICCIO SONO PROTETTE CON VERNICE ALL'ACQUA OPACA ANTIGRAFFIO, MENTRE LE PARTI IN ACCIAIO SONO VERNICIATE A POLVERI.

Steel and wood are shaped to emphasise their structural and aesthetic characteristics. The individual, three-dimensional geometries of the wood and steel permeate in single surfaces. The solid wood parts are protected with matt, scratch-proof water-based varnish, while the steel parts are powder painted.

L'acier et le bois sont façonnés en exaltant leurs caractéristiques structurelles et esthétiques. Les différentes géométries tridimensionnelles du bois et de l'acier s'interpénètrent en surfaces uniques. Les parties en bois massif sont protégées avec du vernis à l'eau opaque résistant aux rayures, alors que les parties en acier sont vernies par poudres.

Stahl und Holz sind so geformt, dass ihre strukturellen und ästhetischen Eigenschaften unterstrichen werden. Die einzelnen, dreidimensionalen Formen von Holz und Stahl durchdringen zusammen zu einzigen Oberflächen. Die Teile aus Massivholz sind mit einer Schicht aus mattem und kratzfesten Wasserlack geschützt und die Teile aus Stahl sind pulverlackiert.

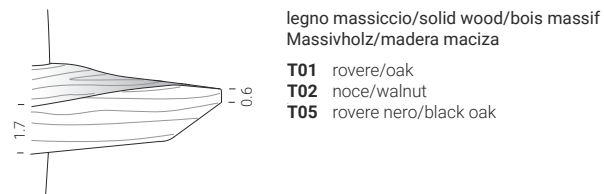

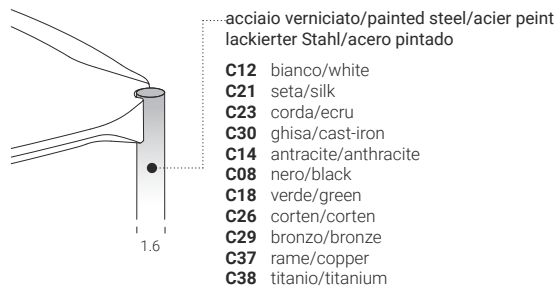

El acero y la madera se modelan exaltando sus características estructurales y estéticas. Las geometrías tridimensionales individuales de la madera y el acero se compenetran en superficies únicas. Las piezas de madera maciza están protegidas con barniz mate al agua resistente a los arañazos, mientras que las piezas de acero están tratadas con barniz en polvo.

LA LAMA IN ACCIAIO CHE RICORDA IL PROFILO DI CHIGLIA DELLE NAVI VICHINGHE È LA SPINA DORSALE DI TUTTE LE SEDUTE CHE FANNO PARTE DELLA COLLEZIONE. The steel blade recalling the contour of the keel of Viking ships is the backbone of all the chairs belonging to this collection. The chair seat, the backrest and the chair legs are inserted onto this. The chair frame is made of steel, while the seat and backrest are available in either plywood or leather.

La lame en acier qui rappelle le profil de la quille des navires vikings est l'épine dorsale de toutes les assises qui font partie de la collection. C'est sur elle que s'enclenchent le fond, le dossier et les appuis au sol. Le châssis est en acier alors que les composants de l'assise et du dossier sont disponibles en multicouche ou en cuir.

Ein Stahlprofil, das an den Rumpf der Wikingerschiffe erinnert, stellt das Rückgrat aller Stühle dieser Kollektion dar, an dem die Sitzfläche, die Rückenlehne und die Bodenstützen befestigt sind. Der Rahmen ist aus Stahl gefertigt, während die Sitzflächen und die Lehnen in Sperrholz oder Leder erhältlich sind.

La cuchilla de acero que recuerda el perfil de la quilla de los barcos vikingos, es la espina dorsal de todos los asientos que forman parte de la colección. Sobre ella, se ensamblan el fondo, el respaldo y los apoyos en el suelo. El bastidor es de acero, mientras que los componentes del asiento y el respaldo, están disponibles en madera estratificada o cuero.

ECH4

IL DISEGNO LEGGERO DERIVA DAI PROFILI IN ACCIAIO A SEZIONE RIDOTTA CHE COSTITUISCONO IL TELAIO: 6/12 MM PER LE QUATTRO RAZZE CONTROVENTATE DA TIRANTI CHE NE IRRIGIDISCONO LA STRUTTURA. GLI SCHIENALI ADATTIVI E I FONDELLI IN TESSUTO SFODERABILE SONO DISPONIBILI NELLA VERSIONE CON O SENZA BRACCIOLI.

The light design is the result of the steel profiles with reduced cross-section that form the frame: 6/12 mm for the four spokes braced by tie-rods that stiffen the structure. The adjustable backrests and removable fabric upholstery seats of the chairs are available in versions with or without arms.

La légèreté du design passe par les profilés en acier à section réduite qui composent le cadre : 6/12 mm pour les quatre rayons renforcés par les tirants qui rigidifient la structure. Les dossiers et les fonds adaptatifs en tissu amovible sont disponibles dans la version avec ou sans accoudoirs.

Das leichte Design kommt aus den Stahlprofilen mit reduziertem Schnitt, die das Gestell bilden: 6/12 mm für die vier verspannten Speichen, die die Struktur versteifen. Die adaptiven Rückenlehnen und die Sitzflächen mit abnehmbarem Polsterzeug sind in der Version mit oder ohne Armlehnen verfügbar.

La ligereza se debe a los perfiles de acero de sección reducida que componen el bastidor: 6/12 mm para los cuatro radios arriostrados por tirantes que endurecen la estructura. Los respaldos adaptables y las fundas de tela extraíbles están disponibles con o sin reposabrazos

ECH5

VARIANTE GIREVOLE DI ECH4, SI CARATTERIZZA PER LA STESSA STRUTTURA IN PROFILI D'ACCIAIO A SEZIONE RIDOTTA, NELLA QUALE LE QUATTRO RAZZE CONVERGONO NEL CONNETTORE GIREVOLE. LE SEDUTE CON BRACCIOLI HANNO UN'ALTEZZA CHE PERMETTE LA COMPLETA ROTAZIONE AL DI SOTTO DEL TOP TAVOLO. GLI SCHIENALI ADATTIVI SONO DISPONIBILI PER LE SEDIE CON O SENZA BRACCIOLI.

The revolving version of ECH4 has the same structure with small cross-section steel profiles, in which the four spokes converge in the revolving connector. The chairs with arms have a height that allows their full rotation under the table top. The adjustable backrests are available for the chairs with or without arms.

Variante pivotante du modèle ECH4, elle se caractérise par la même structure avec profilés en acier à section réduite, dans laquelle les quatre rayons convergent vers le connecteur pivotant. Les sièges avec accoudoirs ont une hauteur qui permet une rotation complète sous le plateau de la table. Des dossiers adaptatifs sont disponibles pour les chaises avec ou sans accoudoirs.

Drehbare Variante von ECH4, sie ist durch dieselbe Struktur aus Stahlprofilen mit reduziertem Schnitt gekennzeichnet, bei der die vier Speichen am drehbaren Verbindungselement zusammenlaufen. Die Sitzmöbel mit Armlehnen haben eine Höhe, die die komplette Drehung unterhalb der Tischplatte ermöglichen. Die adaptiven Rückenlehnen sind für die Stühle mit oder ohne Armlehnen verfügbar.

La variante giratoria de la ECH4, se caracteriza por la misma estructura de perfil de acero de sección reducida, en la que los cuatro radios convergen en el conector giratorio. Los asientos con reposabrazos tienen una altura que permite una rotación completa por debajo del tablero. Los respaldos adaptativos están disponibles para sillas con o sin reposabrazos.

IL DESIGN DELLA COLLEZIONE È DEFINITO DA QUATTRO RAZZE RASTREIMATE CHE CONVERGONO NEL CONNETTORE CENTRALE GIREVOLE. NE FANNO PARTE SGABELLI IN DUE ALTEZZE E SEDIE CON O SENZA BRACCIOLI CON SCHIENALE ADATTIVO. LE SEDUTE CON BRACCIOLI HANNO UN'ALTEZZA CHE PERMETTE LA COMPLETA ROTAZIONE AL DI SOTTO DEL TOP TAVOLO.

The design of the collection is defined by four tapered spokes that converge in the central revolving connector. The collection includes stools in two different heights and chairs with or without arms and adjustable backrest. The chairs with arms have a height that allows their full rotation under the table top.

Le design de la collection est défini par quatre rayons coniques qui convergent vers le connecteur pivotant central. La collection comprend des tabourets en deux hauteurs et des chaises, avec ou sans accoudoirs, à dossiers adaptatifs. Les sièges avec accoudoirs ont une hauteur qui permet une rotation complète sous le plateau de la table.

Das Design der Kollektion ist durch vier verjüngte Speichen bestimmt, die am zentralen drehbaren Verbindungselement zusammenlaufen. Dazu gehören Hocker in zwei Höhen und Stühle mit oder ohne Armlehnen mit adaptiver Rückenlehne. Die Sitzmöbel mit Armlehnen haben eine Höhe, die die komplette Drehung unterhalb der Tischplatte ermöglichen.

El diseño de la colección está definido por cuatro radios cónicos que convergen en el conector central giratorio. Incluye taburetes en dos alturas y sillas con o sin reposabrazos con respaldos adaptables. Las sillas con reposabrazos tienen una altura que les permite girar completamente bajo el tablero de la mesa.

NEL BASAMENTO DAL RIDOTTO INGOMBRO, LE RAZZE, COSTITUITE DA PROFILI DI 16 MM, SI CURVANO E SI RACCORDANO CON UN ELEMENTO A CROCIERA CREANDO UN UNICO CORPO SALDATO. GLI SCHIENALI ADATTIVI E GLI AMPI FONDELLI OVALI IN TESSUTO SFODERABILE SONO DISPONIBILI NELLA VERSIONE CON O SENZA BRACCIOLI.

On the small sized base, the spokes, with 16 mm profiles, bend and connect with a cross element, creating a single welded body. The adjustable backrests and large removable upholstery oval chair seats are available with or without arms.

Dans la base compacte, les rayons, constitués de profilés de 16 mm, se plient et se connectent à un élément transversal pour créer un unique corps soudé. Les dossiers adaptatifs et les vastes fonds ovales en tissu amovible sont disponibles dans la version avec ou sans accoudoirs.

Im kleinen Untergestell biegen sich die aus 16 mm Profilen bestehenden Speichen und verbinden sich mit einem kreuzförmigen Element und bilden so einen einzigen Körper. Die adaptiven Rückenlehnen und die großen ovalen Sitzflächen mit abnehmbarem Polsterzeug sind in der Version mit oder ohne Armlehnen verfügbar.

En la base que ahorra espacio, los radios fabricados con perfiles de 16 mm se curvan y se unen con un elemento en forma de cruz para crear un único cuerpo soldado. Los respaldos adaptables y los grandes respaldos ovalados con fundas de tela extraíbles están disponibles con o sin reposabrazos.

IL FONDELLO E LO SCHIENALE SONO DISPONIBILI CON RIVESTIMENTO SFODERABILE PER CONSENTIRNE IL LAVAGGIO O L'EVENTUALE RICAMBIO. IL MECCANISMO APPLICATO AGLI SCHIENALI ADATTIVI TRAMITE UN'OSCILLAZIONE CONTROLLATA SEGUE E SOSTIENE IL MOVIMENTO DELLA SCHIENA.

The large seat recalls the more classical seats in terms of dimensions and geometries. The seat and backrest are available with removable upholstery to allow for their washing and changing. The mechanism applied to the adjustable backrests by means of controlled rocking follows and supports the movement of the back.

Le large fond rappelle les sièges plus classiques en termes de taille et de géométrie. Le coussin et le dossier sont disponibles avec des housses amovibles afin d'en permettre le lavage et le remplacement. Le mécanisme appliqué aux dossiers adaptatifs, au moyen d'une oscillation contrôlée, suit et soutient le mouvement du dossier.

Die breite Sitzfläche erinnert durch Größe und Formen an die klassischen Sitzmöbel. Die Sitzfläche und die Rückenlehne sind mit abnehmbarem Polsterzeug verfügbar, um das Waschen und den eventuellen Austausch zu ermöglichen. Der für die adaptiven Rückenlehnen verwendete Mechanismus begleitet und unterstützt durch kontrolliertes Schwanken die Bewegung des Rückens.

El amplio respaldo recuerda en tamaño y geometría a los asientos clásicos. El asiento y el respaldo están disponibles con fundas extraíbles para su lavado o sustitución. El mecanismo aplicado a los respaldos adaptables mediante una oscilación controlada sigue y apoya el movimiento de la espalda.

CONTRAPPESO

UN CONTRAPPESO IN MARMO O ACCIAIO MANTIENE IN POSIZIONE IL CORPO ILLUMINANTE. AVVOLGENDO IL CAVO ALLA BITTA POSIZIONATA SUL CONTRAPPESO È POSSIBILE REGOLARE IN ALTEZZA IL CORPO ILLUMINATE. SPOSTANDO IL CONTRAPPESO, LA FONTE LUMINOSA RUOTA ATTORNO AL PUNTO DI SOSPENSIONE CONSENTENDO DI RAGGIUNGERE PUNTI LONTANI DALLA PRESA ELETTRICA.

A marble or steel counterweight keeps the lighting fixture in position. By winding the cable around the bitt on the counterweight it is possible to adjust the height of the lighting fixture. Moving the counterweight, the light source rotates around the suspension point, allowing points further away from the electrical output to be reached.

Un contrepoids en marbre ou en acier maintient le corps lumineux en position. Il est possible de régler la hauteur du corps lumineux en enroulant le câble autour de la borne positionnée sur le contrepoids. En déplaçant le contrepoids, la source lumineuse tournera autour du point de suspension, permettant ainsi d'atteindre des points éloignés de la prise électrique.

Ein Gegengewicht aus Marmor oder Stahl hält den Leuchtkörper in Position. Wenn man den Kabel um den Poller auf dem Gegengewicht wickelt, kann man die Höhe des Leuchtkörpers einstellen. Durch Verlegung des Gegengewichts dreht sich die Lichtquelle um den Schwebepunkt und so können auch die von der Steckdose entfernten Punkte erreicht werden.

Un contrapeso de mármol o acero mantiene la luminaria en su sitio. Enrollando el cable alrededor del bolardo del contrapeso, se puede ajustar la altura de la luminaria. Moviendo el contrapeso, la fuente de luz gira alrededor del punto de suspensión, lo que permite llegar a lugares alejados de la toma de corriente.

APOLLO

tv dimension: 40" - 65"

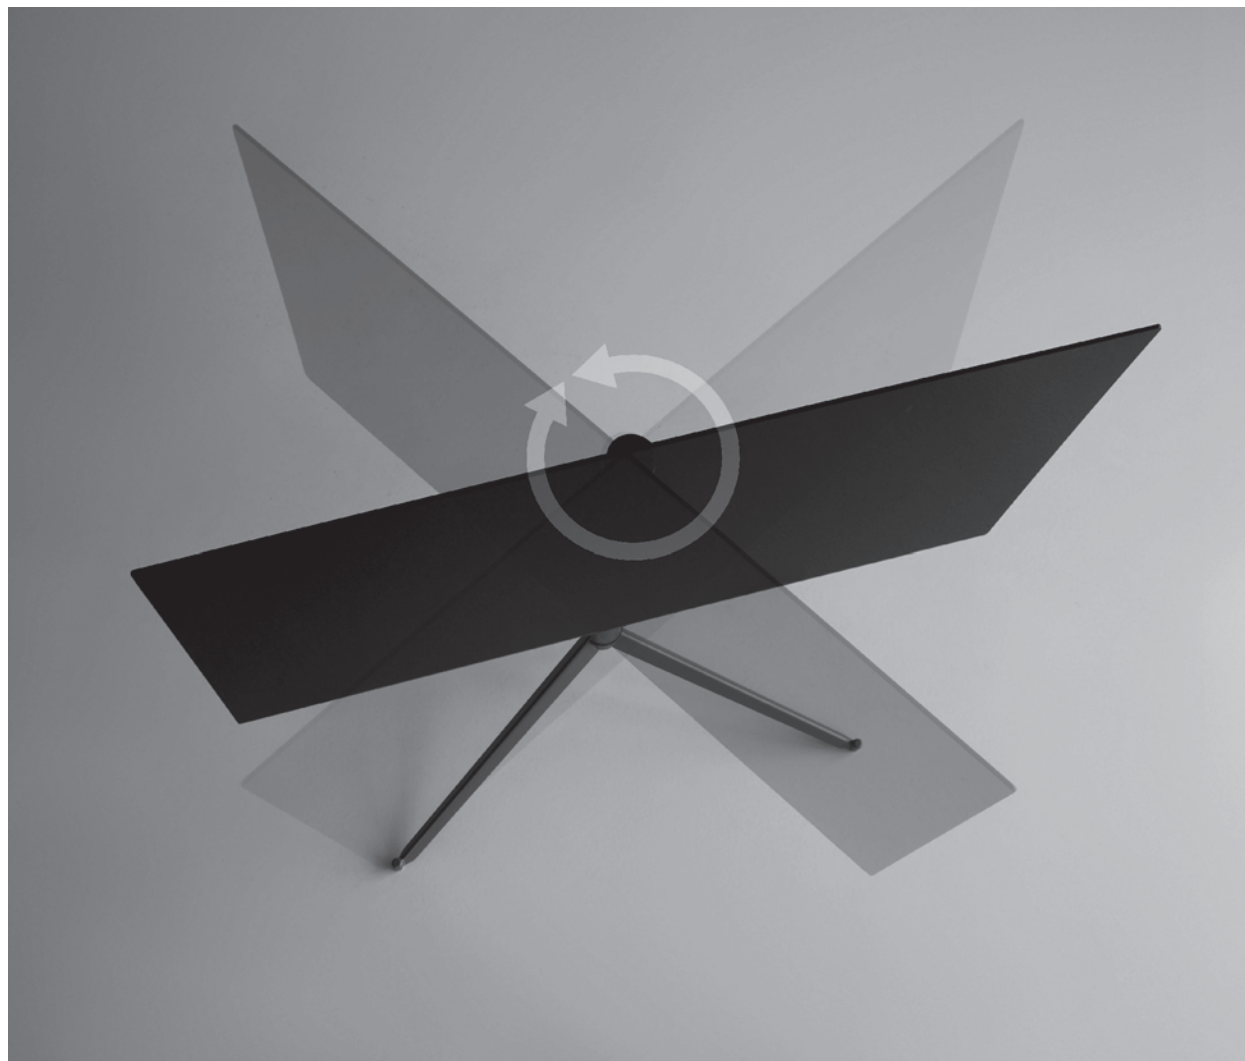

DESIDERAVAMO DISEGNARE UN SUPPORTO CHE SI INTEGRASSE AL MEGLIO CON IL DESIGN ESSENZIALE DEGLI ULTIMI MODELLI TV. APOLLO PUR ESSENDO COMPOSTO DA POCHI ELEMENTI CHE NE EVIDENZIANO LA PUREZZA GEOMETRICA, CONSENTE LA ROTAZIONE DI 360°, L'OCCULTAMENTO DEI CAVI E LA POSSIBILITÀ DI AGGIUNGERE ACCESSORI PORTA DECODER E SOUND BAR.

We had the intention to design a TV support column that integrates at best with the essential design of the latest TV models. Although Apollo consists of only a few elements that enhance its geometrical purity, it rotates 360°, the concealing of cables along with the possibility to add TV decoder and sound bar support accessories.

Nous souhaitons dessiner un support qui s'intègre au mieux avec le design essentiel des derniers modèles de téléviseurs. Apollo, même s'il est composé de peu d'éléments qui mettent en évidence sa pureté géométrique, permet la rotation de 360°, la dissimulation des câbles et la possibilité d'ajouter des accessoires comme le portedécodeur et la barre audio.

Unser Anliegen bestand darin, einen Fernsehständer zu entwerfen, der optimal auf das essentielle Design der neuesten TV-Modelle abgestimmt ist. Apollo setzt auf einen essentiellen Aufbau aus wenigen Elementen und besticht durch eine schlichte Optik. Er erlaubt eine Drehung des Geräts um 360 Grad, bietet unsichtbare Kabelverlegung und auf Wunsch zusätzliche Ablagen für Decoder und Soundbar als Zubehör.

Nuestro deseo era diseñar un soporte que se integrara de la mejor forma con el diseño esencial de los últimos modelos de televisores. Apollo, que consta de pocos elementos que ponen de relieve su pureza geométrica, permite la rotación de 360°, ocultar los cables y la posibilidad de añadir accesorios porta codificador y barra de sonido.

IL PANNELLO TV NON RUOTA RISPETTO AL SUPPORTO, MA L'INSIEME PUÒ ESSERE FACILMENTE SPOSTATO GRAZIE AI SUPPORTI IN TEFLON. UN RIPIANO ACCESSORIO PUÒ ESSERE UTILIZZATO COME SUPPORTO DI SOUND-BAR O LETTORI MULTIMEDIALI.

Designed for the installation of large monitors (from 55" to 85"), the back cover has a rapid fit system that hides and allows access to the TV plugs. The TV panel does not rotate around the support but the whole unit can be moved easily thanks to the Teflon supports. An accessory shelf can be used for sound-bars or multimedia readers.

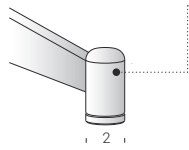

Conçu pour l'installation de télévisions grand format de 55 à 85 pouces, le panneau arrière dispose d'un système de décrochage rapide qui permet de dissimuler et d'accéder aux prises TV. Die TV-Platte dreht sich nicht unabhängig von der Unterlage, aber das Ganze kann dank der Teflon-Unterlagen leicht verstellt werden. Eine zusätzliche Ablage kann als Unterlage für Sound-Bar oder multimediale Player dienen.

Diseñada para la instalación de monitores de gran formato de 55" a 85", la cubierta trasera tiene un sistema de liberación rápida que permite ocultar y acceder a las tomas de TV. PERSONAL

IL SISTEMA BREVETTATO EXTENDO È FORMATO DA DUE PROFILI IN ALLUMINIO ESTENSIBILI, ADATTABILI ALLE DIVERSE ALTEZZE DEGLI AMBIENTI. AGENDO SULLA LEVA A SCOMPARSA, I PROFILI SI BLOCCANO ALL'ALTEZZA DESIDERATA E SI COMPRIMONO TRA PAVIMENTO E SOFFITTO, SENZA L'UTILIZZO DI ALCUN UTENSILE O PRE-FISSAGGIO.

The patented extendo system consists of two extendable aluminium profiles that can be adapted to environments of various heights. Using the foldaway lever, the profiles can be blocked at the desired height and compressed between floor and ceiling, without having to use any kind of pre-fixing tool.

Le système breveté extendo est constitué de deux profilés extensibles en aluminium pouvant être adaptés aux différentes hauteurs des milieux. En agissant sur le levier escamotable, les profilés se verrouillent à la hauteur souhaitée et se compriment entre plancher et plafond, sans utiliser aucun outil ou préfixation.

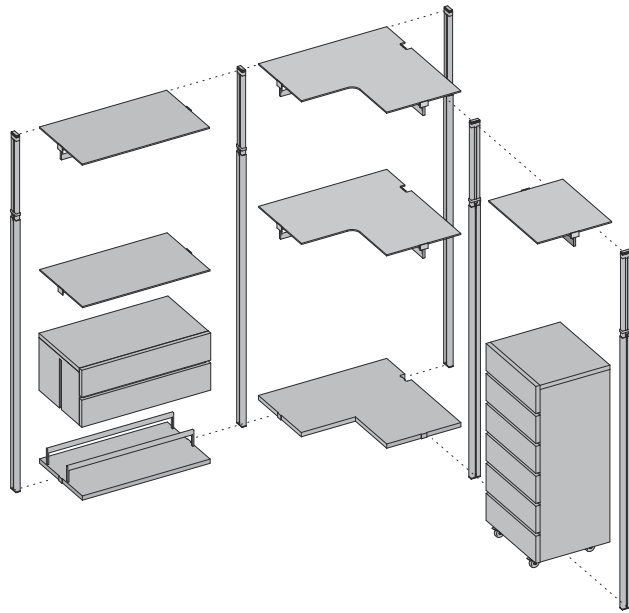

Das patentierte System extendo besteht aus zwei ausziehbaren Aluminium-Profilen, die an unterschiedliche Raumhöhen angepasst werden können. Durch einen versenkbaren Hebel werden die Profile auf der gewünschten Höhe blockiert und zwischen Fußboden und Zimmerdecke ohne Werkzeug oder Vor-Befestigung komprimiert eingesetzt.

El sistema patentado extendo está formado por dos perfiles de aluminio extensibles, adaptables a las distintas alturas de los ambientes. Actuando sobre la palanca escondida, los perfiles se bloquean a la altura deseada y se comprimen entre el suelo y el techo, sin que sea necesario utilizar ninguna herramienta o fijación previa..

Validità: le presenti condizioni di vendita e di consegna s'intendono integralmente accettate dal rivenditore o committente al momento dell'ordine o con il ritiro dei prodotti, e possono essere soggette a cambiamenti senza alcun preavviso.

Informazioni tecniche: Le materie prime ed i semilavorati da esse derivati che compongono i prodotti extendo possono presentare delle difformità. Tali difformità fanno riferimento agli standard di tolleranza della casa madre produttrice della materia prima. In modo specifico per l'HPL si devono accettare e quindi considerare in tolleranza, eventuali micro inclusioni che non superino 1 mm² per m², deformazioni di superficie non soggette a carico che non superino i 2mm per metro lineare. Materie prime naturali come legno massello, legno impiallacciato, eco-touch, ottone, cuoio, potranno presentare caratteristiche difformi da quelle indicate in listino e catalogo o nei campionari extendo, pertanto si debbono riconoscere dei margini di tolleranza per quanto concerne colorazioni, tonalità, imperfezioni di superficie e il cambiamento cromatico delle superfici nel tempo, dovuto all'ossidazione provocata dalla luce e dagli agenti atmosferici propri dell'ambiente in cui sarà collocato il prodotto.

La ditta extendo si riserva la facoltà di modificare in qualunque momento e senza preavviso le caratteristiche tecniche dei prodotti, inoltre tali caratteristiche non hanno valore impegnativo, ma semplicemente informativo.

Installazione: extendo non risponde della cattiva o errata installazione degli articoli ceduti in quanto non esegue il montaggio dei propri articoli. L'acquirente non potrà in nessun caso chiedere il risarcimento dei danni eventualmente causati in occasione della installazione.

Validity: the placing of an order or the collection of goods implies the total acceptance of these sales and delivery conditions on the part of the retailer or purchaser. The seller has the right to change any of these conditions at any time and without prior warning.

Technical information: The raw materials and their derived semi-finished products which compose extendo products may present some discrepancies. These are based on the tolerance standards of the parent company which produces the raw material in question. More specifically, in the case of HPL, possible micro inclusions not exceeding 1 sq. mm. per sq. m. and deformations of non-load bearing surfaces that do not exceed 2 mm per linear metre should be considered acceptable and compliant with the aforementioned tolerance standards. Natural raw materials, such as solid wood, wood veneer, eco-touch, brass, leather, may present different characteristics than those indicated in the extendo price list, catalogue or sample sets, and should therefore be assessed with reasonable tolerance thresholds when presenting differences in terms of colour, tone, surface imperfections and chromatic surface changes over the course of time, due to oxidation caused by light and by atmospheric agents in the environment where the product is located.

Le catalogue des prix: le présent catalogue entrera en vigueur le 01/06/2022 et annulera et remplacera le précédent. Les prix indiqués dans le présent catalogue sont les prix de vente appliqués au public: ils ne comprennent la T.V.A., la pose, les frais de dépôt, de chargement et de déchargement et tout autre type de prestation.

Délais de livraison: les délais de livraison de la marchandise vendue port payé concernent le chargement sur des moyens de transport. Les dates de livraison figurant sur la commande, sur la confirmation de la commande ou dans la correspondance, ou en tout cas acceptées par le vendeur, ont un caractère purement indicatif et n'ont aucun caractère péremptoire. Par conséquent, ni l'acquéreur de la marchandise ni aucun tiers ne pourra demander la réparation de dommages directs ou indirects causés par le défaut ou par le retard de livraison de la marchandise. La ristourne pour retard de livraison doit obligatoirement faire l'objet d'une autorisation préalable du vendeur.

Ce dommage devra être signalé par lettre recommandée envoyée dans un délai de 8 jours. Les expéditions d'une valeur supérieure à € 900 T.V.A. exclue sont effectuées en port payé à l'entrepôt du revendeur. Les frais de port sont en revanche facturés pour des montants inférieurs (€ 40 / 80 max pour les expéditions effectuées sur le territoire italien, € 60 / € 110 max pour les expéditions effectuées dans les pays UE). Pour tout montant inférieur à 500 € le paiement doit être effectué par avance.

Emballages: en cas de nécessités particulières de livraison, les caractéristiques de l'emballage seront déterminées par le vendeur, qui se réserve la faculté d'en facturer le coût au commettant.

Caractéristiques techniques: l'entreprise Extendo se réserve la faculté de modifier à tout moment et sans préavis les caractéristiques techniques des produits; ces caractéristiques n'engagent pas cette dernière, dans la mesure où elles ne sont indiquées qu'à titre indicatif. Les parties conviennent que toute contestation relative à la catégorie, à la couleur, et à la qualité ne pourra être formulée que par lettre recommandée dans un délai de 8 jours à compter de la date de réception de la marchandise, et toujours avant la vente ou la mise en vente.

Paiements: le paiement de la facture doit être effectué exclusivement auprès du siège de notre société. Tout retard de paiement donnera lieu à l'annulation de toute réduction éventuellement accordée, au remboursement des frais occasionnés par les éventuels impayés, et à la facturation des intérêts de retard. Toutes les commandes en cours seront bloquées et les commandes successives seront expédiées en contre remboursement. La marchandise fournie demeure la propriété de la société Extendo jusqu'au paiement intégral de son prix. Si aucune réclamation n'est présentée dans un délai de 8 jours à compter de la date de réception de la facture, la marchandise, les clauses et les conditions reportées seront réputées totalement acceptées.

Garantie: la garantie sur tous les articles produits a une validité de 24 mois à compter de la date d'émission de la facture. Cette garantie ne couvre pas les éventuels dommages causés pendant le transport et est exclue en cas de manutention non conforme. Aucune garantie n'est accordée pour l'uniformité des couleurs lorsque de légères différences de tons sont inévitables.

Barreau compétent: les parties conviennent que toute controverse dérivant du rapport réglementé par les présentes conditions de vente sera soumise à la compétence du Tribunal de Padoue.

Validité: les présentes conditions de vente et de livraison sont réputées être acceptées dans leur intégralité par le revendeur ou par le commettant au moment du passage de la commande ou de l'enlèvement de la marchandise, et peuvent faire l'objet de modifications sans aucun préavis.

Informations techniques: les matières premières et les produits semi finis qui en sont issus et qui composent les produits extendo peuvent présenter des irrégularités. Ces irrégularités font référence aux normes de tolérances de la maison mère productrice de la matière première. Pour l'HPL en particulier, il faut accepter et donc prendre en compte dans la tolérance d'éventuelles micro inclusions ne dépassant pas 1 mm² par m², des déformations de surfaces non soumises à des charges ne dépassant pas 2mm par mètre linéaire. Les matières premières naturelles comme le bois massif, le bois plaqué, l'eco-touch, le laiton, le cuir, pourront présenter des caractéristiques différentes de celles indiquées dans la liste des produits et le catalogue ou dans les échantillons extendo, par conséquent il faut admettre des marges de tolérance pour les couleurs, teintes, imperfections de surface et le changement chromatique des surfaces dans le temps, dû à l'oxydation provoquée par la lumière et par les agents atmosphériques propres à l'environnement où le produit sera placé.

La société Extendo se réserve la faculté de modifier à tout moment et sans préavis les caractéristiques techniques des produits. Ces dernières ne sont pas engageantes puisqu'elles ne sont fournies qu'à titre indicatif.

Installation: la société Extendo ne répond d'aucune installation incorrecte des articles cédés, dans la mesure où elle n'effectue aucun montage des produits qu'elle vend. L'acquéreur ne pourra donc en aucun cas demander la réparation d'éventuels dommages causés dans le cadre de l'installation des articles.

Natürliche Rohmaterialien wie Massivholz, Furnierholz, Eco-Touch, Messing und Leder können unterschiedliche Eigenschaften aufweisen als diejenigen, die in der Preisliste, im Katalog oder im Musterkatalog Extendo angegeben sind. Deshalb müssen Toleranzspielräume anerkannt werden was die Färbungen, Farbtöne, Oberflächenunvollkommenheiten und chromatische Veränderungen der Oberflächen im Laufe der Zeit betrifft.
